

Date: 21-Feb-2024

**To whom it may concern,**

**Subject : License Agreement to Manufacture Tile Adhesive Products under Brand Name Xtreme**

**Sureste Mortars Global wishes to notify interested parties that we have licensed Tika Construction Chemicals Manufacturing in Libya to manufacture tile adhesive products branded as "Xtreme" and owned by Sureste Mortars Global .**

**This license agreement authorizes Tika Construction Chemicals Manufacturing to produce ceramic tile adhesive products under the Xtreme brand name and trademarks owned by Sureste Mortars Global. Production is carried out in strict accordance with Sureste Mortars Global's certified quality control plan and processes to ensure the final products meet our high specifications .**

**All Xtreme branded tile adhesive products manufactured by Tika Construction Chemicals Manufacturing also comply with and are certified to European standard UNE 12004 for cementitious adhesive used for tiles and stones. Sureste Mortars Global technical staff continuously provide the necessary guidance, auditing, and certification support to enable production under this license .**

**If you require any additional details regarding this licensing agreement, please conta Sureste Mortars Global .**

**Yours faithfully,**

**SURESTE
